

# 2014 Tacoma

Information Provided by:  
**DEALER**  
e-PROCESS

**TOYOTA**

Drivability,  
workability,  
versatility.  
All rolled into  
one.

Finally, a dependable truck that works as hard during the week, as it does on the weekend. Built on a sturdy frame that gives the 2014 Tacoma it's legendary toughness, you'll find a cab that's loaded with refined styling, superior comfort and the latest technologies to make any task enjoyable. And once you're behind the wheel, an available V6 engine will take you, your passengers and your cargo anywhere you need to go.

With over 70 years of Toyota truck experience behind it, and the fact that over 80% of Toyotas sold in Canada in the last 20 years are still on the road today\*, you're not just getting another truck, you're getting the durability of a Toyota. And with the confidence you get from our standard Star Safety System™, Tacoma lets you focus on what really matters, like that task or adventure in front of you.

Whether you're on the road or the road less travelled, the 2014 Tacoma lets you play as hard as you work.

#### FRONT COVER

Tacoma 4x4 Double Cab V6 with optional accessories shown in Barcelona Red Metallic.

#### PAGE 3

Tacoma 4X4 Access Cab V6 with TRD Off-Road Package and optional accessory Side Step Bars shown in Silver Sky Metallic.

\*Based on R. L. Polk Canadian Vehicles In Operation and new registrations MY 1993-2012 as of June 30, 2012.

**TOYOTA**

**DEALERSHIP**

**ONE TOUGH TRUCK**  
Tacoma is built on a rugged frame strengthened with 203 mm (8-inch) cross members, stout centre rails and rear-inner channel reinforcements. The engine features Variable Valve Timing with intelligence to help deliver maximum power on minimum fuel.

Tacoma 4x4 Access Cab V6 with TRD Off-Road Package shown in Silver Sky Metallic.

# Power play.

Performance that goes beyond your 9 to 5.

**V6 ENGINE**  
The design of Tacoma's available V6 engine puts the spark plugs in the centre of the combustion chamber. This pentroof combustion creates a cleaner, more efficient burn and increases both performance and fuel efficiency.

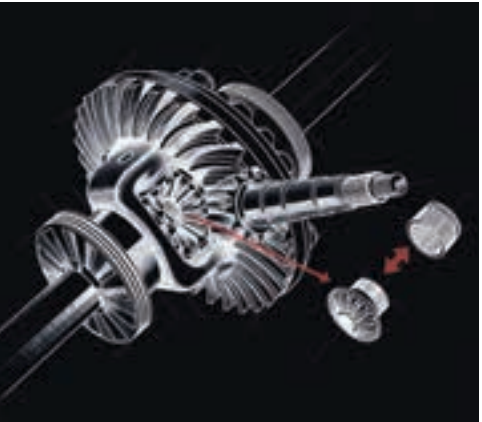

**ELECTRONICALLY CONTROLLED LOCKING REAR DIFFERENTIAL**  
Tacoma's available electronically controlled locking rear differential distributes power evenly to both rear wheels, providing more grip in low-traction conditions. A steel sleeve actuator locks the slide gear into the ring gear, locking the rear axles. Once locked, the rear axle can apply all of its traction to help get you moving in the right direction.

When you couple off-road reliability with an available V6 engine that delivers a hold-onto your hard hat 266 lb.ft. of torque, you create a truck that turns work into play. Now, if that number doesn't make you want to go out

and haul something heavy, maybe the advanced Trailer Sway Control (TSC) will. The available TSC enlists stability control sensors and the ABS system to help counteract yaw caused by unwanted trailer motion.

**BILSTEIN® SHOCKS**  
Available Bilstein® shocks deliver a ride so smooth, you'll mistake the off-road for the blacktop. Tacoma also offers ventilated front disc brakes that deliver confident stopping power no matter how bad the road or weather conditions are.

# Work time. Play time.

Same difference.

Versatility meets workability meets drivability. From interior features that will leave you wanting nothing more, to an extra tough composite bed that is durable enough to handle any load, the Tacoma makes just about anything possible.

### WATER REPELLENT SEATS

The spacious interior is available with water repellent seats, which have been treated to help protect them from moisture damage and stains.

### STEERING WHEEL

Tacoma's steering wheel features silver coloured accents, as well as convenient integrated Bluetooth®4 and audio controls. (Standard on V6 models.)

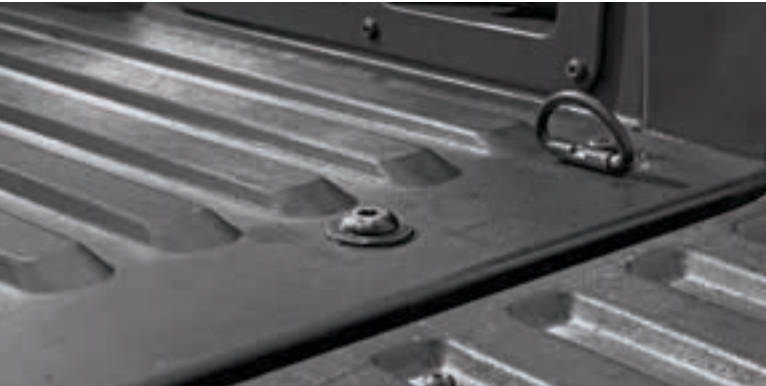

### DISPLAY AUDIO SYSTEM WITH NAVIGATION<sup>5</sup>

The optional JBL® Display Audio System features a 6.1-inch touch panel display with Bluetooth®4 wireless music streaming, and a unique "text to voice" feature that converts text messages from your phone into voice messages, which play through the vehicle's speaker system.

**120 V/400 W DECK-MOUNTED POWER OUTLET**  
The available 120 V/400 Watt power outlet enables you to pull electrical power when and where you need it.

**STANDARD DECK RAIL SYSTEM**  
Tacoma's fibre-reinforced Sheet-Moulded Composite (SMC) bed features a standard Deck Rail System with four adjustable tie-down cleats to help ensure your gear stays put.

**IN-BED STORAGE SYSTEM**  
The handy In-Bed Storage System is perfect for stashing dirtier items like rags, spray lube or miscellaneous tools.

**FIBRE-REINFORCED SHEET-MOULDED COMPOSITE BED WITH FOUR D-RINGS**  
The fibre-reinforced Sheet-Moulded Composite (SMC) material in the bed of the Tacoma isn't just a bedliner, it's the bed itself. And while it may be handsome, it's not there for looks. This rugged material offers better impact strength than steel.

**DOUBLE CAB FOLD-DOWN REAR SEATBACK**  
Double Cab features rear seats that fold up or down to reveal storage compartments perfect for keeping things out of sight, yet quickly and easily accessible.

# Tacoma Cab choices.

## Double Cab

The worksite has never seen another truck like it. With increased leg and headroom, the Double Cab seats 5 comfortably to get you to any job site. When not transporting passengers, the 60/40 split rear bench seat can fold down flat to act as a mobile office, or to give you additional space for your gear. (Shown with Bed Divider accessory)

## Access Cab

Go from work gloves to driving gloves effortlessly with the 4x4 or 4x2 Access Cab. Whether for work or play, the Access Cab easily seats 4 passengers and can be quickly configured for extra storage by simply folding up the rear jump seats. (Shown with Bed Extender accessory)

# Go in safety.

Along with style and comfort.

The stylishly rugged exterior of the 2014 Tacoma will certainly catch your eye, but some of the most head-turning features are the ones designed to help keep you safe. With advanced safety features like active front headrests,

six-airbags<sup>1</sup>, including front seat-mounted side airbags<sup>1</sup> and roll-sensing head/side curtain airbags<sup>1</sup> and 3-point front and rear seatbelts. Tacoma is as serious about safety as any truck on the road.

## STAR SAFETY SYSTEM™

2014 Tacoma comes standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place.

- VSC** **VEHICLE STABILITY CONTROL**  
Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.<sup>6</sup>
- TRAC** **TRACTION CONTROL**  
Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).
- ABS** **ANTI-LOCK BRAKE SYSTEM**  
Prevents brakes from locking up by “pulsing” brake pressure to each wheel to help you stay in control in emergency braking situations.

- EBD** **ELECTRONIC BRAKE-FORCE DISTRIBUTION**  
Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.
- BA** **BRAKE ASSIST**  
Detects sudden or “panic” braking and adds the full pressure needed to help prevent a collision.<sup>7</sup>
- SST** **SMART STOP TECHNOLOGY**  
Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.<sup>8</sup>

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle. Visit [toyota.ca](http://toyota.ca) for more details.

Genuine Accessories

Personalize your Tacoma to enhance both its appearance and performance. Many of Toyota’s Genuine Accessories can be residualized or advanced through Toyota Financial Services when purchased at the same time as your new vehicle, and yes, they are all backed by a Toyota Warranty. For a complete list of vehicle-specific accessories, visit [customizeyourtoyota.ca](https://www.toyota.ca/customizeyourtoyota), your local Dealer or [toyota.ca](https://www.toyota.ca).

New vehicle warranty summary – No deductibles – no transfer fees

**COMPREHENSIVE COVERAGE** 3 years or 60,000 km. This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

**POWERTRAIN COMPONENTS** 5 years or 100,000 km. This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

**MAJOR EMISSION CONTROL COMPONENTS** 8 years or 130,000 km. This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

**CORROSION PERFORATION** 5 years/unlimited distance. This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply start and finish with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across the country fund non-profit programs that work to make a difference for Canadians through direct community involvement.

As part of our ongoing commitment to the environment and education, we established the Toyota Evergreen Learning Grounds program. This program is designed to transform Canadian school grounds into natural learning environments so that students can have a healthy place to play, learn and develop a genuine respect for nature. We also support Special Olympics Canada, which helps athletes reach their full potential through participation in events from a local to a natural level.

Visit us at [toyota.ca](http://toyota.ca) to learn more about our programs and commitment to build a better tomorrow for Canadian communities – today.
