ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce vehicles or parts for sale in Canada, Mexico or the United States. Thus, the actual configuration of your vehicle may vary from the description in this catalog.

With this in mind, we suggest you verify that the vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR Services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the child restraint system right for your child’s age and size, even with a lap belt. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner’s Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG

Vehicles, their components, sizes, dimensions, weights, ratings and other numbers in this catalog, and other printed materials provided at the dealership or affixed to the vehicle, are approximate to the nearest one-quarter inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

Most things come and go and don’t leave a mark. But some things leave such a mark that we measure our lives by them. Such is the Chevrolet Camaro, aka friend, pal.

Since 1967, Camaro has been more than a sports car – it’s our sports car. Performance without pretense. Style that has endured. A car that has always put the driver first.

With its lower, leaner proportions and a stunning profile, the sixth-generation Camaro has a presence that can be seen in every sculpted body panel and felt in every turn.

“The 50th anniversary of Camaro is so important because we all grew up with this car,” says chief engineer Al Oppenheiser. “I’ve always said you don’t have to go very far to find someone who owned a Camaro, whether it was you, your brother, your sister, your dad or that best friend you’ll never forget.”

Dedicated to everyone who has ever owned – or dreamed of owning – a Chevy Camaro.
Camaro 2SS Convertible interior with available 50th Anniversary Edition, which includes Jet Black leather-appointed seats with Dark Gray suede inserts and Orange accent stitching. Other available features also shown.
1. **50TH ANNIVERSARY EDITION.** A once-in-a-lifetime Camaro, available in both Coupe and Convertible on 2LT and 2SS. Unique 50th Anniversary treatments are included on the instrument panel, seatbacks and steering wheel.

2. **A TRUE ORIGINAL.** The 20-inch 50th Anniversary aluminum wheels feature a machined-face finish and exclusive center caps. The 50th Anniversary exterior decor also includes special badging, a satin chrome-accented grille, a body-color front splitter and Orange brake calipers (front brake calipers only on LT).

3. **CUSTOM DETAILS.** The 50th Anniversary Camaro welcomes you in with illuminated doorsill plates.

4. **DESIGNER ACCENTS.** A specially designed interior includes Jet Black leather-appointed seats with sueded inserts and Orange accent stitching. The exclusive “FIFTY” logo is debossed on the head restraints.
Camaro LT Coupe in Hyper Blue Metallic (extra-cost color) with the available RS Package and other available features.
Creating a timeless Camaro is all about shape and form. The digital sculpture, and especially the hands-on clay work, makes this car sheer rolling art.

For me, Gen Six is all about responding to what we learned from Gen Five on the street. We set out to create a sculptural form that reflected the mass reduction, aerodynamics influence and just pure beauty.

From the long, narrow grille with its “in the hunt” look — we own that — to the strong and powerful profile and shorter rear overhang, this is a design with tension because there are a lot more crisp lines running through it.
Camaro LT Convertible in Silver Ice Metallic with available features and 20-inch 5-Split-Spoke Polished Forged-Aluminum Wheels from Chevrolet Accessories.
PHYSICAL PERFECTION. This is Camaro — the pure driver’s car — in possibly its most exhilarating form. The Camaro Convertible features modular underbody bracing to allow the same precise, nimble handling as the Coupe.

SKY-HIGH TECH. The top-up silhouette respects the iconic fastback image of the Coupe. But when it’s time to play, the fully electronic top lowers with the touch of the key fob or the single push of a button — even when driving up to 30 mph.

SHOW CAR SMOOTH. The retracted top fluidly disappears under the fully automatic hard tonneau cover, maintaining the crisp body lines.
Based on initial vehicle movement.

With available 8-speed automatic transmission.

EPA-estimated MPG city/highway: Camaro LT with 3.6L V6 engine and 8-speed automatic transmission 19/28; Camaro LT with 3.6L V6 and 6-speed manual transmission 16/28.

**2.0L TURBO. 275 HP.** 0 to 60 in 5.4 seconds! Offering an EPA-estimated 31 MPG on the highway. With 275 horsepower and 295 lb.-ft. of torque, this is huge performance from an efficient turbocharged engine.

**3.6L V6. 335 HP.** 0 to 60 in 5.1 seconds.\(^1,2\) This available engine balances power with fuel-saving technologies such as Variable Valve Timing, Active Fuel Management\(^3\) (with available 8-speed automatic transmission) and Direct Injection to offer 335 horsepower, 284 lb.-ft. of torque and an EPA-estimated 28 MPG highway with the available 8-speed automatic.

\(^1\) Based on initial vehicle movement. \(^2\) With available 8-speed automatic transmission. \(^3\) EPA-estimated MPG city/highway: Camaro LT with 3.6L V6 engine and 8-speed automatic transmission 19/28; Camaro LT with 3.6L V6 and 6-speed manual transmission 16/28.
“The Chevrolet Camaro is a better, more entertaining car to drive than a BMW 3 Series.”

– Motor Trend

MODERN ARCHITECTURE. The new lightweight structure helped Camaro lighten the load by up to 390 lbs. vs. the fifth gen. The 4-wheel independent suspension, designed using aluminum components, was engineered to be 23% leaner. The result: a smooth ride with an incredible connection to the road.

CAN YOU HANDLE IT? Electric Power Steering brings road feel and response to a higher plane. Selectable driver modes offer distinct experiences. And the smaller, tighter proportions and quick steering ratios contribute to a nimble, controlled feeling with every turn of the wheel.
WITH 455 HP, CAMARO SS IS THE HEART AND SOUL OF CHEVROLET PERFORMANCE.
455-HP 6.2L LT1 V8. “Chevrolet hit this one out of the park,” says Motor Trend. Simply put, the small block V8 masterpiece, delivering 455 lb.-ft. of torque, brings to life the most powerful Camaro SS ever.
Camaro 2SS Convertible in Garnet Red Tintcoat (extra-cost color) with available features.
1. **6-SPEED MANUAL TRANSMISSION.**
The leather-wrapped shifter includes a unique cap for the SS and a grip that’s ideal for every driver. Active Rev Matching\(^1\) anticipates downshifts with throttle blips for smooth, precise shifting.

2. **BREMBO® BRAKES.** This high-performance 4-piston all-disc system is capable of taking Camaro SS Coupe from 60 mph to a complete stop in 117 feet.

3. **MAGNETIC RIDE CONTROL.**
The precision handling credentials of Camaro SS are further enhanced by available Magnetic Ride Control™ that stiffens the suspension for high-performance driving while helping to maintain a smooth ride.

4. **DUAL-MODE EXHAUST.** This available performance exhaust system lets you refine the roar of the 6.2L LT1 V8 engine within each of its four driving modes — Tour, Sport, Track and Snow/Ice.

\(^1\) Requires V8 engine and 6-speed manual transmission.
FIRST-EVER V6 1LE. Offering track-capable performance, the V6 1LE is also a precisely balanced daily driver. Featuring aggressive suspension tuning and a dual-mode exhaust, the 335-hp V6 1LE delivers an estimated 0.97 g in cornering grip for consistent lap-after-lap performance on the track.

BRING IT. FE3 suspension components (from Camaro SS) include dampers, rear cradle mounts, ball-jointed rear toe links and stabilizer bars. Lightweight 20-inch forged-aluminum wheels with run-flat summer-only tires pair with Brembo® 4-piston front brake calipers, a limited-slip differential and a standard track cooling package.

SERIOUS STYLE. The aggressive appearance of Camaro 1LE is enhanced by a unique Satin Black hood, front splitter and 3-piece rear spoiler.
SS 1LE. OWN THE TRACK. Here’s what happens when you wrap a track-tuned chassis and suspension around a 455-hp 6.2L V8. The new FE4 performance-oriented chassis system features specific tuning for the magnetic dampers, springs and stabilizer bars. The package includes a new segment-exclusive Electronic Limited-Slip Differential, a dual-mode exhaust and Brembo 6-piston front brake calipers. Paired with exclusive Goodyear Eagle® F1 SuperCar® summer-only tires, lateral acceleration exceeds 1 g.

1 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle’s performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learn/tires or see your dealer.
ZL1 is simply one of the most phenomenal executions of design, performance, aerodynamics and technology I've ever experienced from behind the wheel. We've elevated the game.

The ZL1 with the new available 10-speed automatic really hits the sweet spot for me. It is the convergence of all the pride, the passion, the performance and the technology we put in Camaro. The Electronic Limited-Slip Differential, combined with Performance Traction Management, takes control and balance to an astounding level.

I'll just say this: If you're looking for a track-capable car straight from the showroom, take a close look at the ZL1.
At left: Camaro ZL1 Coupe in Red Hot with available features. Available late 2016.

At right: Camaro ZL1 Convertible in Arctic Blue Metallic with available features. Available early 2017.
1. **SUPERCHARGED V8.** With a 650-hp supercharged V8, ZL1 is the most powerful Camaro ever. And you can choose between a standard 6-speed manual transmission with Active Rev Matching or an available 10-speed paddle-shift automatic that helps maintain optimum rpm levels for maximum responsiveness and quicker lap times.

2. **RACE-PROVEN AERO.** The specially sculpted front fascia enhances airflow and works together with the carbon-fiber composite hood extractor to pull heat from the engine compartment and reduce lift. Large outboard cooling ducts push air to the brakes, while air splitters and a rear spoiler create downforce at higher speeds.

3. **GRIPPING PERFORMANCE.** Standard 20-inch forged-aluminum wheels are wrapped in sticky Goodyear Eagle F1 SuperCar G:2 summer-only tires. Large Brembo® 6-piston front and 4-piston rear brake calipers give ZL1 impressive stopping power.

4. **RECORD YOUR RIDES.** The Performance Data Recorder (available on ZL1 Coupe and models with the available V6 1LE and SS 1LE Performance Packages) logs videos of your drives, along with real-time performance data, onto an SD memory card so you can analyze your technique and improve your driving abilities.

**IT'S SHOWTIME.** Interior spectrum lighting, standard on 2SS and ZL1 and available on 2LT, courses around the radio, door trim and cup holders, transitioning between 24 selectable colors. The color spectrum reacts to changes in drive modes, the lighting gives off an ambient nighttime glow, and there’s even a pulsing light show mode you can select when parked.
1. **GO CONFIGURE.** An available 8-inch diagonal reconfigurable gauge cluster allows you to personalize the information you need and desire.

2. **TRACK YOUR G FORCE.** The Head-Up Display, standard on 2SS and ZL1 and available on 2LT, projects onto the windshield color digital readouts for vehicle speed, selected gear, g force, tachometer, compass, outside temperature, turn-by-turn navigation¹ information and more.

3. **GET CONNECTED.** The Chevrolet MyLink² Radio with an available customizable 8-inch diagonal color touch-screen includes Bluetooth³ audio streaming³ for select phones, plus support for Apple CarPlay⁴ and Android Auto⁴ for compatible phones.

4. **HUG A ROAD.** The advanced Driver Mode Selector tailors up to eight vehicle attributes using four selectable modes: Tour, Sport, Snow/Ice (excludes V6 1LE) and Track (Track mode is exclusive to Camaro SS and ZL1 and models with the available V6 1LE Performance Package).

1 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learn/tires or see your dealer.
2 Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles can transmit all crash data. MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. MyLink on Camaro does not include CD player. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. 6 Not compatible with all devices. Check my.chevrolet.com/learn for vehicle and smartphone compatibility. 7 If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change.
8 Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. 10 Requires a compatible mobile device, active OnStar Service and data plan. 11 LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adapter or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details.
