**TAKE ON** convention. Question everything. Break the rules. Start with an obsession to detail and a radical belief that a real supercar delivers performance in real-world conditions. Anytime. Anywhere. Make it so refined, anyone can drive it.<sup>1</sup> Yet so capable, in the right hands it can turn the automotive world on its ear. Build a legend on world-beating performance and then – start over again. The new 2017 Nissan GT-R.<sup>®</sup> Because the competition we most love to beat is **THE STATUS QUO**.

## A SHARPER FOCUS ON DRIVING

Taking advantage of the capabilities of Nissan GT-R® requires your attention, but it should never feel like information overload. The GT-R's redesigned dashboard reduces the number of integrated navigation and audio controls by more than half, and makes access and use simpler and more intuitive, giving you more time to focus on what's important – the pure enjoyment of the drive.

## MASTERY AT EVERY TOUCHPOINT

The GT-R's redesigned interior is a masterful blend of premium materials, from hand-stitching in the cabin to a dashboard pad created from a single, hand-selected Nappa leather hide. Seats redesigned for added comfort and support make an ideal place to enjoy even the smallest details, like aluminum bezels' subtle etching to enhance their feel.

## HANDCRAFTED PERFORMANCE

Each GT-R engine is assembled by a single craftsman – called “Takumi” – renowned for their dedication and mastery. And with only five Takumi in the world entrusted with the honor, the plaque on the engine bearing their name has true significance. As one of the Takumi says, “We put our souls into each engine, hoping to deliver that excitement to customers.”

## AERODYNAMIC ALCHEMY

Rather than being confined by the demands of aerodynamics, the Nissan GT-R sculpts the air to its needs – becoming a force of nature, as much as a force to be reckoned with. Every aerodynamic detail was considered. A 1% energy loss around the C-pillar was enough for the GT-R's fanatical engineers to redesign the pillar to create a cleaner design.

SIMPLY THE DOMINANT  
SUPERCAR OF ITS TIME

600 HP

nismo®

Pure. Undiluted. Awe-inducing. With 600 horsepower of fury combined with unmatched control. From its high-capacity turbos to its specially tuned suspension, this is the ultimate GT-R.

On the outside, aggressive aerodynamic design adds a unique rear spoiler and carbon-fiber bumpers, trunk lid, and side sills. Subtle yet special, contrasting dark gray mirrors feature a red accent stripe. The entire body sits poised over unique front and rear alloy wheels, wearing specially developed Dunlop® tires.

Inside is just as focused, with Recaro® seats, an Alcantara®-wrapped steering wheel with red leather stripe at 12 o'clock, and a signature NISMO red throughout the cabin, including the seatbacks, tachometer face, shift lever, and door handle pulls.

481 lb-ft of torque
