SPORTY. FUN. FRIGHTENING.
FOCUSED ON PERFORMANCE.

FOCUS

Smart, efficient and tuned to ensure every moment behind the wheel leaves you with a smile on your face. That’s the 2018 Ford Focus. With a sleek, aerodynamic body, outstretched hood, and your choice of 5 wheels1 – including 17” machined aluminum with Black-painted pockets1 – Focus lives up to its sporty appearance. The upscale Titanium, with leather-trimmed seats and a whole lot more, takes that appeal to the next level.

ST

The moment you slip behind its leather-wrapped steering wheel and into its RECARO® leather-trimmed seats1, Focus ST elevates your driving intensity. Hit the push-button start and listen to the throaty tones of its 252-hp2 high-output 2.0L EcoBoost® engine rev as you shift through all 6 gears. A blacked-out grille, unique ST badging, and 18” machined aluminum wheels with Black-painted pockets1 solidify its bad-boy presence on the road.

RS

A serious road warrior, the new limited-edition 2018 Focus RS is the pinnacle of Ford hot-hatch performance. Roof, sideview mirrors and high-mount spoiler – all in Black – let you know its sinister intent. 350 horsepower2, 350 lb.-ft. of torque2, and a Quaife® limited-slip front differential confirm it. Only 1,500 will be available in North America. That number is sure to drop fast.
ULTIMATE REFINEMENT
Focus Titanium, with 17" polished aluminum wheels, heated sideview mirrors, a rear spoiler and chrome exterior accents. Inside, a leather-wrapped gear shift knob joins a leather-wrapped, heated steering wheel and leather-trimmed, heated front seats to bring it all together.

EUROPEAN-INSPIRED HANDLING
Tuned for agility and precision, Focus delivers nimble handling, impressive ride comfort and spirited performance. Torque Vectoring Control helps Focus gracefully negotiate twists and turns. And power comes from one of 4 available engines, ranging from an efficient 123-hp 1.0L EcoBoost to the adrenaline-pumping 350-hp EcoBoost on Focus RS.

DESIGNED TO BE
FUN TO DRIVE.

At first glance, Focus SEL exhibits the signature sleek style that has made Focus one of America’s most fun-to-drive cars. Take a closer look and you’ll notice its sporty 17" machined aluminum wheels with Black-painted pockets, integrated fog lamps, and wraparound headlamps with black bezel accents. Step inside and look up. A power moonroof offers an open-air driving experience. And with SYNC® 3 voice-activated technology, you’ll never be more than a few words away from connecting to the world outside of your car.

2018 Focus | ford.com
SEL Hatchback. Hot Pepper Red Metallic Tinted Clearcoat. Available equipment. 1. Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. 2. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 3. Horsepower rating achieved with 93-octane fuel.
STYLED TO ENGAGE
YOUR DRIVING SENSES.

It only takes a simple press of the push-button start¹ to be on your way to an engaging driving experience. A clean, modern look defines the smart, easy-to-use interior. You’ll notice the metallic-finish detailing, the handsome seat trims and switches, the convenient center stack, and the center console with adjustable cupholders. A colorful, brightly lit instrument panel projects clear driver information, while ambient lighting¹ lets you add a personalized touch that can be modified to match your current driving mood.
INVITES OTHERS TO ENJOY THE RIDE.

The refined interior of Focus Titanium generates some serious heat. Start with its leather-wrapped, heated steering wheel and leather-trimmed, heated front seats. Both are perfect for those chilly early mornings. The driver’s seat features 8-way power to get you within ideal reach of the leather-wrapped gear shifter.

To share some of the fun with your lucky passengers, open the power moonroof for an open-air driving experience. Then tune in to the 10-speaker Audio System from Sony.® Focus has plenty of good times to share.
SYNC 3
STAY CONNECTED ON THE MOVE.

Imagine controlling calls, music and more with just a touch and your voice. SYNC® 3 lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri® into Focus with Siri Eyes Free and your paired iPhone®. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.

SYNC APPLINK®
Voice control for your favorite compatible mobile apps
Spotify® • Pandora® • and more

FORDPASS™ SMARTPHONE APP
Your personal journey assistant
Find fuel and compare prices
Find, reserve and pay for parking in select locations
Get help from our trained team of Ford Guides — available 24/7

VOICE-ACTIVATED NAVIGATION
Turn-by-turn directions
Vivid 3-D maps
Pinch-to-zoom touchscreen capability

SIRIUSXM® TRAFFIC & TRAVEL LINK®
Complimentary for 5 years
Real-time traffic updates
Fuel station locations and prices
Current and forecasted weather

SYNC 3
STAY CONNECTED ON THE MOVE.
OPENS UP CARGO CONVENIENCE.

Whether you’re hitting the beach, on a shopping spree or tackling a home improvement project, you’ll appreciate the ease of loading and unloading items thanks to an available hatchback design and large cargo capacity.

A removable interior cargo cover conceals items stored behind the 60/40 split-fold rear seatbacks from prying eyes. To increase cargo room from 23.3 cu. ft.\(^1\) to a spacious 43.9 cu. ft.\(^2\) simply remove the cover and fold both rear seats down.
ASSISTS WHEN YOU NEED IT.

WHEN PARALLEL PARKING
Active park assist¹ not only assists you in finding a parallel parking spot, it steers you into it while you control the accelerator, brake and gear shift knob, as needed.

CHANGING LINES
BLIS® (Blind Spot Information System) with cross-traffic alert¹² warns you if it detects a vehicle in either of your blind spots while driving forward, or approaching from the sides while in Reverse.

BETWEEN THE LINES
Drifting out of your lane? The Lane-Keeping System¹ can help. By applying steering wheel torque, and even alerting you with gentle steering wheel vibration, it helps direct you to return to your lane.³

¹Available feature. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. ²BLIS replaces standard integrated blind spot mirrors. ³Lane-Keeping System does not control steering.
PERFORMS AT MAXIMUM EFFICIENCY.

Experience the ingenuity of the fuel-efficient, compact and powerful 1.0L EcoBoost® engine. This lightweight, die-cast aluminum award-winner combines sophisticated EcoBoost turbocharging, direct fuel injection and twin independent variable camshaft timing (Ti-VCT) technologies to generate a broad, flat torque curve. Teamed with either a 6-speed manual or 6-speed automatic transmission with SelectShift® capability, this mighty lightweight delivers 123 horses of maximum driving fun. And provides you with an impressive combination of driveability and fuel efficiency (an EPA-estimated 40 hwy mpg with the manual transmission).

It’s a combination that is reaping rewards, as the 1.0L EcoBoost has been named International Engine of the Year “Best Engine Under 1.0-liter” for 6 years in a row.

1. Available feature. 2. EPA-estimated rating: 30 city/40 hwy/34 combined mpg, SE Sedan, 1.0L EcoBoost with Auto Start-Stop Technology and 6-speed manual transmission. Actual mileage will vary. EPA-estimated rating: 27 city/38 hwy/31 combined mpg, SE Sedan, 1.0L EcoBoost with Auto Start-Stop Technology and 6-speed automatic transmission with SelectShift capability. Actual mileage will vary. 3. 2012–2017. Engine Technology International magazine.
There’s nothing like the feel of 252 hp\(^1\) as you press the Focus ST accelerator pedal. A 6-speed manual transmission ups the intensity of the high-output 2.0L EcoBoost\(^\text{®}\) engine as you shift through all the gears. To further heighten your experience, engineers channeled the lower-engine frequencies of the signature EcoBoost sound into the equally exhilarating cabin.

An “overboost” feature even extends peak torque for up to 15 seconds at a time – so you get to absorb every ounce of its exhilarating performance a little longer.

\(^1\)Horsepower and torque ratings achieved with 93-octane fuel.
PUSH-BUTTON START
YOUR ENGINE.

Enter and start Focus ST without using your key thanks to Intelligent Access with push-button start. Grip the leather-wrapped, race-inspired, flat-bottom steering wheel with ST badge. Monitor the 3 mini cluster gauges atop the instrument panel, including turbo boost, as you accelerate ST out of the corners. RECARO® partial¹ or full leather-trimmed¹ front seats, with supportive side bolsters, help keep you firmly planted along the way. You'll appreciate them, as Focus ST can be pushed to the limits – and back – in no time at all.

252-HORSEPOWER
2.0-LITER ECOBOOST

- 252 hp @ 5,500 rpm²
- 270 lb.-ft. of torque @ 2,500 rpm²
- 6-speed manual transmission

¹Available feature. ²Horsepower and torque ratings achieved with 93-octane fuel.
Punch the accelerator. Feel the engine surge as the rpm climb and your adrenaline rushes to catch up. Breakthrough engineering is the benchmark of the limited-edition 2018 Focus RS – which delivers stunning performance on the road and at the track.

RS designers did their part by making the roof, sideview mirrors and high-mount spoiler all Black. Its powerful front-end appearance features a bold upper trapezoidal grille above a deep chin splitter, to incorporate the largest possible apertures for engine cooling. Plus, large air-gulping functional gills in the front fascia channel air to help cool the brakes. Be inspired.
The all-aluminum 350-horsepower 2.3L EcoBoost® engine in the limited-edition Focus RS has been specially designed to propel it to a pin-you-to-your-seat 0–62 mph in 4.7 seconds with a top speed of 165 mph. By controlling the torque delivered to each front wheel, a new Quaife® limited-slip front differential will allow enthusiasts to more fully utilize the engine's horsepower.

Plus, RS is equipped with Selectable Drive Modes, including an industry-first Drift Mode that allows controlled oversteer drifts – and launch control. And Ford Performance all-wheel drive with Dynamic Torque Vectoring® delivers impressive cornering, speed, and unbridled driving exhilaration.

**350-HORSEPOWER 2.3-LITER ECOBOOST**

350 hp @ 6,000 rpm

350 lb.-ft. of torque @ 3,200 rpm

6-speed manual transmission

---

1 Horsepower and torque ratings achieved with 93-octane fuel.
2 Based on Ford testing.
3 Remember that even advanced technology cannot overcome the laws of physics.
4 It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

SAFETY CAGE CONSTRUCTION
High-strength steel makes up over half of the 2018 Focus body structure. While SPACE (Side Protection And Cabin Enhancement) Architecture and the Trinity front-crash structure help divert crash forces away from occupants.

7 STANDARD AIRBAGS
Focus offers driver and front-passenger front airbags, a driver’s knee airbag, front-seat side airbags, and side-curtain airbags that deploy to cover both rows of the vehicle in certain side-impact collisions.

ADVANCETRAC
To avoid skidding and fishtailing in inclement weather, AdvanceTrac® electronic stability control1 automatically helps keep all 4 wheels firmly planted.

---

1 Ford Licensed Accessory. 2 Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires. 3 After your trial period ends, SiriusXM audio and data services each require a subscription sold separately, or as a package, by SiriusXM Radio Inc. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Trial subscriptions not available in AK and HI. See your Ford Dealer for details.

New Vehicle Limited Warranty. We want your Ford Focus ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 3 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Protect Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you piece-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
