THE ONE stands apart from the many. Dares to be bold. Radical. Unique. Breaking rules, defying description, confounding competitors. No other supercar looks like it or performs like it. Because no one else is willing to ask the questions – and fearlessly go where the answers lead. But that’s how you create a legend. THE GT-R.
HANDCRAFTED PERFORMANCE

Each GT-R engine is assembled by a single craftsman – called “Takumi” – renowned for their dedication and mastery. And with only five Takumi in the world entrusted with this honor, the plaque on the engine bearing their name has true significance. As one of the Takumi says, “we put our souls into each engine, hoping to deliver that excitement to customers.”

AERODYNAMIC ALCHEMY

Rather than being confined by the demands of aerodynamics, the Nissan GT-R sculpts the air to its needs – becoming a force of nature, as much as a force to be reckoned with. Every aerodynamic detail was considered. A 1% energy loss around the C-pillar was enough for the GT-R’s fanatical engineers to redesign the pillar to create a cleaner design.

MASTERY AT EVERY TOUCHPOINT

The GT-R’s interior is a masterful blend of premium materials, from hand-stitching in the cabin to a dashboard pad created from a single, hand-selected Nappa leather hide. Subtle etching on the aluminum bezels enhance their feel, while sport seats provide comfort and support, creating an ideal place to take it all in.

A SHARPER FOCUS ON DRIVING

Taking advantage of the capabilities of Nissan GT-R requires your attention, but it should never feel like information overload. The GT-R’s intuitive dashboard design makes access and use simpler, giving you more time to focus on what’s important – the pure enjoyment of the drive.

5 customizable performance screens    Display Commander media controller    Steering wheel-mounted paddle shifters

565 HORSEPOWER

Hand-stitched leather-appointed interior trims    Machined aluminum interior accents

Carbon-fiber interior accents

The GT-R’s interior is a masterful blend of premium materials, from hand-stitching in the cabin to a dashboard pad created from a single, hand-selected Nappa leather hide. Subtle etching on the aluminum bezels enhance their feel, while sport seats provide comfort and support, creating an ideal place to take it all in.
NISSAN GT-R® NISMO
THE ULTIMATE GT-R

Pure. Undiluted. Awe-inducing. 600 horsepower of fury combined with unmatched control. From its high-capacity turbos to its specially tuned suspension, this is the ultimate GT-R.

On the outside, aggressive aerodynamic design adds a unique rear spoiler and carbon-fiber bumpers, trunk lid, and side sills. Subtle yet special; contrasting dark gray mirrors feature a red accent stripe. The entire body sits poised over unique front and rear alloy wheels, wearing specially developed Dunlop® tires.

Inside is just as focused, with Recaro® seats, an Alcantara®-wrapped steering wheel with red leather stripe at 12 o’clock, and a signature NISMO red throughout the cabin, including the seatbacks, tachometer face, shift lever, and door handle pulls.

**600 HP**

- 481 lb-ft of torque
- 0.26 coefficient of drag
- NISMO unique 6-spoke wheels
- NISMO carbon-fiber body kit
